MANURE SPREADER FEATURES AND OPTIONS

THE KIRBY 16, 18, 20 or 22 FOOT FLAT BOTTOM MANURE SPREADER WILL HAVE YOU SAVING ON FERTILIZER COSTS AND SPREADING NUTRIENTS IN NO TIME.

With a low profile design for easy loading, we have engineered the Kirby Manure Spreader to give maximum performance while being as operator friendly as possible.

Every Spreader comes with a standard integrated box design for easy mounting and an extra heavy duty hydraulic drive to give you all the power needed to get even the dirtiest jobs done with ease.
